In Memoriam

RAYMOND E. ESTABROOK

1902 - 1964

Born in Newton on May 13, 1902, the son of Edward T. and Genie (Edney) Estabrook, Raymond lived a public-spirited, loyal lifetime of service in his home town. He married a Newton girl, Annie Maude Thompson, and they raised their daughter, Helen Louise, and twin sons, Roland and Russell, in this community.

Raymond served the town unselfishly in many capacities: supervisor of the checklist, tree warden, fence viewer, police officer and forest fire warden, to name a few. At an early age, he became an active

member of the volunteer fire department, and his interest, loyalty, and activity in the department were unceasing. After serving several years as Deputy Fire Chief, he was appointed Fire Chief in 1955. In 1947, he was first elected Town Road Commissioner by popular vote, then was re-elected for 17 successive years to serve his community in these two important positions until his untimely death on February 5, 1964.

To those who knew him best, the rough and gruff exterior often presented to outsiders was a cover-up for a generous, sensitive heart, a devoted family man, intensely interested in the growth and welfare of both his family and his community. An entire town expresses gratitude: "Well done, thy good and faithful servant. May thee rest in peace."

REPORT OF TOWN MEETING

March 11, 1964

The meeting was called to order at 8:10 p.m. by the Moderator, Clifford R. Bryer.

Article 1: The results of balloting on Tuesday, March 10, 1964, for town officers, were read by the Moderator.

Article 2: On a motion by Fred H. Cust, it was voted "to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same."

Article 3: On a motion by Mr. Cust, it was voted to accept the reports of town officers as printed in the town report.

Article 4: On a motion by Mr. Cust, it was voted "to authorize the Selectmen to hire money in anticipation of taxes."

Article 5: On a motion by Mr. Cust, it was voted "to authorize the Selectmen to sell property acquired by Tax Collector's Deed or through Old Age Assistance; or any other property of the Town not used for public purposes."

Article 6: George Baker, Jr. moved that the town "approve a plan to have all property in the town of Newton reassessed by the New Hampshire State Tax Commission." The voice vote on this article was not decisive. A show of hands resulted in a vote of 35 yes and 48 no, defeating the article.

Article 7: The Moderator declared not action necessary on this article by reason of action taken on the previous article.

Article 8: On a motion by Roland D. Estabrook, it was voted "to raise and appropriate the sum of \$5,500.00 to be used in conjunction with the fund already raised by the Volunteer Fire Company to complete a program planned to provide tank trucks for the Village, the Junction, and the Forestry Service."

Article 9: On a motion by Mr. Estabrook, it was voted "to approve the sale of the 1940 Chevrolet Tank Truck at public auction, after the new tank truck program is in effect — the proceeds to be put into a fund for future fire department needs."

Article 10: On a motion by Mr. Cust, it was voted "to accept the 1955 Chevrolet chassis for tank truck No. 5 from the Newton Junction Firemen's Association and sell the old 1948 Chevrolet chassis back to the Newton Junction Firemen's Association for the sum of \$1.00."

Article 11: On a motion by David W. Richards, it was voted "to establish a planning board of seven members with duties as set forth in Section 1-15, Chapter 36, N. H. Revised Statutes Annotated, 1955, to make a study of the town's development and report to the town appropriate recommendations for the promotion and maintenance of the town's best development. The board shall consist of one Selectman and six other citizens appointed by the Selectmen as provided in Chapter 36, N. H. Revised Statutes Annotated, 1955."

Article 12: Changes in the Building Code and Safety Ordinance were made as follows:

Article I, Section 4, (1) It was voted unanimously to insert the words "and the Building Inspector" immediately after the word, "Selectmen."

(2) It was voted to add the following subparagraph,

“a. A development is defined as being: the division of a tract of land into two or more building lots.”

Article I, Section 6: (1) On a motion by Mr. Richards, it was voted to insert, “gravelled a minimum of 6 - 12 inches, oil or tar surfaced,” immediately after the word, “graded”.

(2) On a motion by Mr. Richards, the following will be inserted “approved by the Town Road Commissioner,” immediately after the word “wide”.

(3) On a motion by Ellery F. Atwood, the following subparagraph was added, “a. The developer shall be required to post a performance bond to cover the guarantee that the proposed road(s) will be built according to all applicable specifications contained herein.”

Article II, Section I: (1) On a motion by Mr. Atwood, the words “five hundred” were deleted from the first and second sentences and the words, “six hundred” inserted.

(2) On a motion by Kenneth A. Field, Jr., the second sentence in its entirety was transformed into subparagraph “a”.

(3) On a motion by Mr. Field, the following subparagraph is added, “b. In order for any builder to construct a multiple family dwelling with a living area of less than six hundred square feet for each family unit, said builder shall petition the Board of Adjustments for the granting of a variance. The granting of such variance shall be at the discretion of the said Board, but said petition MUST HAVE THE APPROVAL OF THE BUILDING INSPECTOR prior to its granting by the Board of Adjustments.” A motion by Wallace B. Nyberg, to amend #3 by deleting the last sentence was carried.

Article II, Section 2: (1) On a motion by Mr. Field, items (1), (2), and (3) were accepted as follows: (1) to delete words, "on footings" immediately after the word, "Foundations"; (2) To insert the words, "but not less than a depth of three feet (unless founded upon bedrock)" immediately after the word "line"; (3) To insert the words, "on footings not less than eighteen inches wide and six inches deep, unless soil conditions are adjudged by the Building Inspector to be such as to demand greater footing areas," immediately after the word "thick".

Lucien M. Cloutier offered an amendment to #3 which would then read "to a depth regulated by state law" instead of "six inches". This amendment was carried.

Mr. Field moved that item #3 be reconsidered and changed back to "six inches". This motion was carried.

Article II, Section 3: Mr. Richards moved that #1-a through g be accepted as read. Mr. Atwood's motion that "e" be amended by adding "properly nailed, not stapled", was carried.

John Hampson moved that "c" be amended to read "not more than eight feet." This amendment was carried.

Mr. Richard's motion, as amended, to add the following subparagraphs was then carried.

"a. All framing material used shall be sound and free from rot and weakening flaws. b. All framing and supporting members shall be designed and developed to the required strength and rigidity according to the specifications prescribed in the tables located at the end of Section 3, and shall be securely fastened with approved nails or connecting devices. c. All lally columns and pier supports shall be not more than

eight feet apart and shall be supported by footings not less than 24 inches long, 24 inches wide, and 10 inches deep. d. All framing members at openings shall be doubled and suitably fastened or spiked together and shall be of adequate size and strength. e. All corners shall be properly braced, unless plywood sheathing of one-half inch or more thickness is used, properly nailed, not stapled. f. Approved bridging is required between joists. g. All exterior wood frame work shall be supported on the foundation walls not less than six inches above finish grade."

Article II, Section 4: (1) On a motion by Mr. Richards, the words "every building" is deleted and "each family unit" is inserted in their place.

Article II, Section 6: Mr. Richards moved that No. 1, 2, and 3 be accepted as follows: (1) to insert the words, "all chimneys" immediately after the title word, "Chimneys"; (2) to delete the word "ground" in the second sentence and insert in its stead the word, "concrete"; (3) to add a third sentence as follows: "There shall be a minimum of one inch of air space between framing and exterior chimneys." This motion received a favorable vote.

Article II, Section 8: It was voted to insert the following two sentences immediately after the first sentence, "The size of a septic tank shall be not less than five hundred gallons capacity. Metal septic tanks are prohibited."

Article II, On a motion by Mr. Atwood, it was voted to insert an additional section, "Section 9, Specification Tables" (tables I, II, III; and IV, as shown on pages 12, 13, and 14 of the town report for the year ending December 31, 1963)

Article III, Section 2: On a motion by Mr. Atwood, it was voted to insert the following sentence immediately after the first sentence, "Ordinary Repairs, in-

terior decorating or maintenance of building and structures may be without application or notice to the Building Inspector, but such repairs, decorating or maintenance shall not be construed to include any structural changes."

Article VI, Section 6 and 7; On a motion by Mr. Atwood it was voted to delete the words, "two dollars" and in their stead insert the word, "five dollars."

Article VI, Section 8: On a motion by Mr. Atwood, it was voted to insert the word "temporary" immediately after the first "of" in the sentence.

Article 13: On a motion by Everett E. Coombs, it was voted that all officers not elected be appointed by the Selectmen.

Mr. Richards motion was carried that the Clerk writes a thank you note to the Newton Junction Firemen's Association for the truck which they have turned over to the town.

It was voted to adjourn at 11:15 p.m.

WILLIAM J. MOISON, JR.

Auditors

Newton, N. H., Jan. 23, 1965

We hereby certify that we have examined the accounts of the Trustees of the Trust Funds of said town, together with a detailed statement thereof, and the particular trust to which they belong, with a statement of the receipts and expenditures with proper vouchers as required by Section 3, Chapter 162, of the Laws of 1915, and the amendments thereof.

We find the Trustees of the Trust Funds properly bonded.

WILLIAM J. MOISON, JR.

EVERETT O. KELLY

Auditors

REPORT OF GALE LIBRARY TRUSTEES

This year has been one of accomplishment for the Gale Library.

During National Library Week in April, the Friends of the Library under the direction of Mrs. Louise Somes and her committees carried out the local theme, "This Is The Year That Is", with twelve exhibits. Each month of the year was depicted with an appropriate scene and the books relating to the activities of that month. A children's hobby show was held and a book prize awarded to David Cheney for his exhibit.

The highlight of the week was the dedication of the Mary A. S. Hayford Room. This room, formerly used for storage, was remodeled with funds donated for this purpose by the M. M. club of Newton. Mrs. Hayford was both a former trustee of the Gale Library and founder and past president of the M. M. Club. The room is being used for library-related meetings and as a quiet study area. Monetary gifts to be used for the room were also presented by Mrs. Lucien A. Fuller (Mrs. Hayford's sister) and by Mrs. Dean Taylor (Mrs. Hayford's daughter).

The Friends of the Gale Library, through the efforts of Miss Esther T. Manson, presented the library with an American flag which had been flown over the White House. A replica of the State of New Hampshire seal was also presented by Miss Manson. Guests on this occasion included The Honorable and Mrs. Louis Wyman. Representative Wyman spoke on the importance of books to freedom-loving people.

In October the old wood-burning stove was regretfully replaced by a more practical oil-burning furnace.

TOWN WARRANT

Town Warrant for 1965

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Newton in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Newton on Tuesday, the 9th day of March, next, at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear the reports of Town Officers and pass any vote relating thereto.
4. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.
5. To see if the Town will vote to authorize the Selectmen to sell property acquired by Tax Collector's Deed or through Old Age Assistance; or any other property of the Town not used for public purposes.
6. To see if the Town will vote to authorize the reassessment of all property within the Town of Newton by the New Hampshire State Tax Commission.
7. To see if the Town will vote to raise and appropriate in the Town of Newton by the New Hampshire (\$5,000.00) to pay for the reassessment of all the

properety in the Town of Newton by the New Hampshire State Tax Commission.

8. To see if the Town will vote to create a standing committee to carry on studies of the street lighting situations in the Town and recommend such changes as the committee deems necessary to the Selectmen; said committee, if created, to be of an advisory nature and to be comprised of not less than three (3) nor more than five (5) members appointed by the Moderator to serve terms not to exceed five (5) years.

9. To see if the Town will vote to raise and appropriate a sum not to exceed two hundred and seventy-seven dollars (\$277.00) as Newton's contribution to the annual budget of the Seacoast Regional Development Association, as authorized in the New Hampshire Revised Statutes Annotated, 1955, and revisions relating thereto, Chapter 31:4, Paragraph XIX.

10. To see if the Town will vote to authorize the Selectmen to use the proceeds from the sale of the Rowe's Corner School building, in conjunction with whatever monies are available from the Boswell Fund and the Harris Fund, for the purpose of installing toilets, running water, and a kitchen in the lower hall of the Town Hall; and to authorize the Selectmen to enter into any and all agreements necessary to accomplish such installations.

11. To see if the Town will vote to authorize the adoption of the following policy for the payment of salaries to the Selectmen:

- a. The newly elected member to the Board of Selectmen shall be paid at the rate of two hundred dollars (\$200.00) annually.
- b. The second year member shall be paid at the rate of two hundred and fifty dollars (\$250.00) annually.

- c. The third year member shall be paid at the rate of three hundred dollars (\$300.00) annually.
- d. Upon re-election, the annual rate for any Selectman shall remain at three hundred dollars (\$300.00).
- e. The chairman of the Board, who must serve two (2) years previous to becoming chairman (unless illness or resignations of other Selectmen make this impossible) and who upon completion of one (1) year of service in this capacity shall not be eligible to succeed himself, shall receive fifty dollars (\$50.00) annually in addition to his regular salary while serving as chairman.
- f. The present members of the Board of Selectmen shall remain under the present system of salary payments and shall not become eligible for the new schedule of salary payments, if adopted, until and if re-elected to the office they now hold.
- g. Any Selectman who goes out of office for more than one (1) year shall be treated as a newly elected member if elected to the Board again.

12. On the petition of ten (10) or more legal voters, to see if the Town will vote to raise and appropriate a sum not to exceed three hundred dollars (\$300.00) for use at the Town Dump.

13. To see if the Town will vote to rescind the action taken under Article 9 at the last Town Meeting and instead sell the 1940 Chevrolet tank truck back to the Newton Volunteer Fire Company for the sum of one dollar (\$1.00).

14. To see if the Town will vote to purchase and

equip a new Class A combination pumper fire truck, to authorize the Selectmen to execute any and all contracts or agreements necessary and proper or advisable in connection with the purchase and equipping of such fire truck and authorize the Selectmen to issue bonds or notes in an amount not to exceed sixteen thousand dollars (\$16,000.00) for the purpose of financing such purchasing and equipping.

15. To see if the Town will vote to authorize and empower the Town Planning Board to approve or disapprove, in its discretion, plats showing new streets or widening thereof, or parks, and upon adoption of this article it shall be the duty of the Town Clerk to file with the Registry of Deeds of the County of Rockingham a certificate or note showing that the said Planning Board has been so authorized, giving the date of authorization, as provided in Sections 19-29 inclusive, Chapter 36 of the New Hampshire Revised Statutes Annotated, 1955.

16. To see if the Town will vote to amend Article 1, Section 2, of the Building Code and Safety Ordinance as follows:

1. To delete the word "sideline" and insert the word "centerline" in its stead.
2. To delete the words "forty-five (45)" and insert the words "sixty-five (65)" in their stead.
3. To delete the entire last part of the paragraph beginning with the words "or such a distance"

17. To see if the Town will vote to amend Article 1, Section 5, of the Building Code and Safety Ordinance as follows:

1. To delete the entire section and insert the Following:

- a. No new street shall be tentatively accepted by the Selectmen unless:
 1. a forty feet right-of-way is established and
 2. gravelled a minimum of twelve (12) inches and
 3. rolled and
 4. finish graded and
 5. cutback asphalt surfaced at least ten (10) feet each side of the centerline (20 feet total) with a penetration coat of MC-1 at the rate of one half ($\frac{1}{2}$) gallon per square yard and a sealer coat of MC-3 at the rate of one quarter ($\frac{1}{4}$) gallon per square yard, or surfaced with equivalent or better materials approved by the Town Road Commissioner, and
 6. rolled and sanded and
 7. two (2) feet gravelled shoulders established on each side of the paved surface and
 8. adequate drainage provided, with banks properly sloped at a three-to-one (3-1) ratio, and
 9. approved by the Town Road Commissioner.
- b. The Town Road Commissioner shall be empowered to inspect all streets under construction in order to bring discrepancies or infractions to the attention of the Selectmen. He shall also be empowered to halt such construction when he has de-

terminated that an infraction does exist or is about to exist.

- c. All new public ways must be provided with adequate drainage and rough graded before any building construction can commence.
- d. Any public way developer or constructor shall be required to post a performance bond to the amount set by the Selectmen, as advised by the Road Commissioner, to cover the guarantee that the proposed public way(s) will be built according to all the specifications contained herein.
- e. Any street(s) must be finished within a reasonable amount of time as specified by the Selectmen and Road Commissioner.

18. To see if the Town will vote to amend Article II, Section 1, of the Building Code and Safety Ordinance as follows:

- 1. To delete the words "ground floor" in the first sentence just before the word "area" and insert the word "living" in their stead.

19. To see if the Town will vote to amend Article II, Section 2, of the Building Code and Safety Ordinance as follows:

- 1. In the first sentence after the words "footings not less than", delete the words "eighteen (18) inches wide and six (6) inches deep" and insert the words "twice the thickness of the wall in width, and equal in depth to the width of the wall" in their stead.

20. To see if the Town will vote to amend Article II, Section 6, of the Building Code and Safety Ordinance as follows:

1. Before the first word "all" insert "a".
2. After the end of the first paragraph, add the following paragraphs:
 - b. Chimneys shall extend at least three (3) feet above the highest point where they pass through the roof of a building, and at least two (2) feet higher than any portion of the building within ten (10) feet.
 - c. All attics shall have an interior means of access for fire protective purposes.
 - d. All garages beneath or attached to a dwelling or connected by an enclosed structure shall have walls, ceilings, partitions and exitway constructed of not less than three quarter ($\frac{3}{4}$) hour fire-resistant material.

21. To see if the Town will vote to amend Article VIII, Section 2, of the Building Code and Safety Ordinance as follows:

1. To insert after the word "judgment" the following words "provided all costs of said hearing shall be borne and paid for by the appellant."

22. To see if the Town will vote to raise and appropriate a sum not to exceed one hundred and fifty dollars (\$150.00) to provide training course expenses at the University of New Hampshire for person(s) designated by the Selectmen to enroll in the special course on Regional Development and Economic Growth.

23. To see if the Town will vote to raise and appropriate a sum not to exceed fifty dollars (\$50.00) for administrative expenses and miscellaneous supplies for the Town Planning Board.

24. To see if the Town will vote to raise and appropriate a sum not to exceed ninety dollars (\$90.00) for the building and installing of street signs on all town intersections.

25. To see if the Town will vote to raise and appropriate a sum not to exceed six hundred dollars (\$600.00) to install fencing around the Town Dump.

26. To see if the Town will vote to raise and appropriate a sum not to exceed four thousand dollars (\$4,000.00) for the purpose of drawing up a Master Plan for the Town, and to authorize the Selectmen to execute any and all contracts or agreements necessary and proper or advisable in the development of such a Master Plan.

27. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this eleventh day of February in the year of our Lord nineteen hundred and sixty-five.

This expense was borne by the Harris Trust Fund.

During the year the members of the Newton Arts and Crafts Society displayed paintings done by local artists. Their First Annual Art Show was held in the library and a monetary gift presented to the trustees by Mrs. Doreen Winslade, President, on behalf of the Society. This gift is to be used to purchase art instruction books.

The Friends of the Gale Library also held several book reviews, and an especially interesting talk was given by Mr. Donald Wright, a former Newton resident, on "Old Newton". Story hours and a summer reading club for the children were other activities that proved popular.

The Kingston - Newton Garden Club contributed flower arrangements each week, with special arrangements for other library related events.

The Friends of the Library have given many hours of service assisting the librarian in cataloging and other duties.

The trustees and the librarian, Mrs. A. Marion Hatch, as members of the Shieling Book Purchasing group, have regularly attended the "book banquets" held by the State Library. These "banquets" make available to the group newly published books, at 30 to 40 percent discounts. Because of the success of this cooperative effort the trustees recently voted to accept charter membership in a statewide Library Development Program. Many benefits are planned for members through the use of Federal and State funds set aside for this purpose.

Townpeople have contributed many books to the library, and the trustees are grateful for these donations. Several non-fiction reference-type books were

presented by the Shieling Fund. Many new books otherwise unattainable were borrowed from the N. H. State Library "Bookmobile", which makes periodical visits to the Gale Library. The Librarian also made use of the N. H. State Library Loan Service to obtain specific books on request.

Our thanks go to all those who have made possible such a successful year. A special word of appreciation and gratitude is due Mrs. A. Marion Hatch, who gives so unstintingly of her time in serving the people of Newton as their librarian.

POLICE CHIEF'S REPORT

To the Board of Selectmen
Newton, N. H.

Gentlemen:

The Newton Police Department reports a very successful year for 1964.

The art of the crimes committed in Newton this past year have had a professional trend, as compared to the almost amateur crimes of the years.

The majority of these crimes have been solved, and the criminals have been apprehended by the experienced and qualified officers of the Department.

Investigating these crimes, the police must spend longer hours, to outwit the skillful criminals of today. After the arrest, the criminal is brought to court; and the police must face a criminal lawyer. The success of these court trials and the conviction of these criminals, depends on the fortitude of the police.

The Chief believes in prevention. He schedules road patrol for the department, which includes patrolling the schools, churches, business sites, etc. in the town, as well as being on the alert for speeding cars.

The men of the department state that the long hours spent on police work this year have been very gratifying. The cooperation of the townspeople, ministers, and the school principal have helped considerably. The men of the police department wish to express their appreciation for this cooperation.

An adult sex offender, molesting youths in Newton this year, was brought to justice. In cases such as this and whenever needed, the State Police and Sheriff's Department act and work jointly with the police department and show full cooperation in every way.

The physical and intellectual efforts and the long hours spent on police work by the men of the department have been satisfactory because of the gratifying outcome of their labors.

The officers of the department and the chief would once again like to express thanks to all those who have assisted the department.

Respectfully Submitted,

Richard S. Hanson

Chief of Police

Amount of damage to property	\$ 9,676.00
Losses not covered by insurance	None
Number of hours spent at fires	103.5 hours

I have included the following letter in my report to the Town because I feel the voters of Newton should be aware of what we must face eventually, in regards to our present pumpers.

Russell D. Estabrook,

Fire Chief

NEW HAMPSHIRE BOARD OF UNDERWRITERS

December 28, 1964

Chief Russell Estabrook
Newton Fire Department
Newton, New Hampshire

Dear Chief Estabrook,

We wish to thank you for the assistance rendered in our review of your community's fire defenses. We are enclosing three booklets which should prove of value to you. In addition, there is a list of books and their sources pertaining to firefighting; I think you would find these of interest.

I would take the liberty of complimenting your men on the fire stations; they did a nice piece of work in erecting them. The department gives the appearance of being generally well equipped, particularly in view of the recent acquisitions. Unfortunately, the New Hampshire Board of Underwriters does not grant rate credit for water tenders; this position has undoubtedly been maintained because of the many "tankers" of poor design and construction throughout the state. In addition, many departments do not make the best use of their water tenders.

Although your present pumpers appear to be in good order, they have reached an age where serious consideration should be given to replacement. Your attention is directed to a copy of the National Board of Underwriters' Special Interest Bulletin No. 39, which covers the subject quite nicely.

Most assuredly, it is not expected that your community should immediately purchase two new pumpers, as this would be an economic hardship. Besides,

they would both be due for simultaneous replacement at a later date, thus causing a recurrence of the same problem.

Rather, it is our hope that a new pumper conforming to the standards of N.B.F.U. No. 19 will be placed in service within a couple of years. This engine should have the pumping capacity of not less than 500 gpm at 150 psi with a 750 gpm being considerably more suitable. Further, this piece should be provided with a water tank of not less than 500 gallons nor more than 1000 gallons capacity.

It is hoped that our letter and the enclosures will be of some value in developing your community's fire protection facilities to an even higher state. If we may be of assistance, please feel free to call on us.

Sincerely,

William E. Proper

Municipal Engineer

REPORT OF THE BUILDING INSPECTOR

New dwelling permits issued	17
Estimated costs on above permits	\$181,300.00
Additions, garages, breezeways, and other major alterations permits	19
Estimated costs on above permits	\$8,900.00

The Building Inspector has averaged three (3) visits to construction sites for each permit issued. Mileage travelled has been approximately 216 miles. A little more than 194 hours has been spent on town business as Building Inspector.

My sincere appreciation to our townspeople, contractors, and other town officials for the cooperation extended me in the execution of my duties.

Respectfully submitted,

David W. Richards

Building Inspector

REPORT OF THE NEWTON PLANNING BOARD

The Newton Planning Board came into being by vote of the Town of Newton at the annual Town Meeting, March 10, 1964. Following the appointment of six members and a selectman, by the Board of Selectmen, the first official meeting was held on April 9, 1964. Officers were elected and fundamental organization began. Rules of Procedure and By-laws were immediately drawn up, passed and work began on planning.

Now we as townspeople may ask, "What is a Planning Board and what are they planning?" A Planning Board, be it a local, state or regional group, is concerned with the creation of a comprehensive community plan. An outline of a sort that shows what makes up a town, where it is headed and guides it in that direction or to its chosen development, according to the support and best wishes of the townspeople. The function is therefore a single purpose, the welfare of the townspeople. We are absolutely bound to the land on which we live, therefore it is in our best interests to make our surroundings healthy, happy and safe.

Now I think most people will agree that Newton is a residential community. With a few shops and stores, little or no real industrial development, we are primarily a town of working and retired people who have found this town a desirable place to live. Though we may not seem to desire changes in our community, we find there are services we want, often demand, and changes occurring over which we seem to have no control. The fulfillment of these wants of the people and the fair but firm control or direction of the changes is primarily the area where the Planning Board serves.

The three fundamental objectives of planning are economic, social and physical. Scattered land use tends to depreciate property and leads to "blight" areas. Poorly patterned streets and bad design increases town road maintenance costs and traffic hazards. We want safe, healthy places for our children to enjoy recreation, education and social activities. I think too, we want to preserve historical areas, scenic beauty and efficient use of our lands and natural resources.

The Newton Planning Board, recognizing these general principles, set out to find the tools to create this product. We updated the Town Base Map, we met twice with the State Planning Director to seek his expert counsel and guidance in planning and development. We met during the summer, many extra meetings in addition to our regular second and fourth Monday evening sessions. We attended a General Committee meeting of the Seacoast Regional Development Association at the University of New Hampshire. We found this vigorous group planning for our economic future, working on problems we would be unable to solve ourselves and including Newton as a member, even though we had never even financially supported the group.

The Board worked on dump regulations and control. The town of South Hampton was approached as a potential paying participant in our town dump plans. The Board met with the Health Officer, Town Road Commissioner, Building Inspector, Fire Chief and Board of Selectmen to discuss conditions in the community and worked many evenings to revise and create regulations of the Building Code and Safety Ordinance. These recommendations were submitted to the town.

The final step in our first year of planning is the choice of a consultant and gaining eventual approval

of a Town Master Plan. Needless to say, this effort requires the backing of the Town and the services of soil and sanitary engineers, draftsmen and consultant experts who can analyze, interpret and implement the resources of the Town and guide our Town in the efficient use of its lands, facilities, schools, municipal services and growth.

With the continued support of the townspeople and a year of new developments ahead, the Newton Planning Board eagerly looks forward to another year of opportunity to serve the community and the welfare of its people.

Respectfully submitted,

David H. Beebe

To the Inhabitants of the School District in the Town of Newton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March, 1965 at eight o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.
2. To choose Agent, Auditors and Committees in relation to any subject embraced in this Warrant.
3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.
4. To see if the District will authorize the School Board to make application for and to receive, in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.
5. To transact any further business that may legally come before the meeting.

Given under our hands at said Newton this twenty-fourth day of February, 1965.

John F. Swasey, Jr.

Barbara Morse

Christopher D. Sherrill

School Board

*Records of the Annual School Meeting of the
School District of the Town of Newton, March 14, 1964*

The meeting was opened at 8:07 p.m. by the Moderator, Clifford R. Bryer.

The following officers were elected jointly with the town elections by Australian Ballot: Moderator, Clifford R. Bryer; Clerk, Mrs. Verna Cronan; Treasurer, Otis R. Rowell; School Board Member for Three Years, Mrs. Barbar Morse; Auditors, Everett O. Kelly and Everett E. Coombs. There were 573 Ballots cast.

ARTICLE 1. "To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto." On motion from Mrs. Barbara Morse for the School Board, the reports were accepted as printed in the Town Report.

ARTICLE 2. "To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant." Mrs. Barbara Morse made a motion that this Article be accepted as printed in the Warrant. Motion was seconded and was passed.

ARTICLE 3. "To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town." A motion was made by Mrs. Barbara Morse that this Article be accepted as printed in the Warrant. Motion was seconded by Gordon Cheney. Motion was passed.

ARTICLE 4. "To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies." A motion was made by Mrs. Barbara Morse that this Article be accepted as printed in the Warrant. Motion was seconded by John Swasey. Motion was passed.

ARTICLE 5. "To see if the district will authorize the School Board to convey the School District's interest in the Rowe's Corner land and school to the Town of Newton." A motion was made by Mrs. Barbara Morse that this Article be accepted as read. Motion was seconded and was passed.

ARTICLE 6. "To transact any further business that may legally come before the meeting." Mr. George Baker wanted to know what had been done regarding a motion that was made at the March 21, 1963, School District Meeting that requested that future School District meetings be held on a Saturday evening to enable more people to attend. Mrs. Barbara Morse stated that the date of the meetings is determined by the School Board. The meetings can be held anytime between March 1 and April 30. However, when this motion was brought to the School Board's attention, the meeting was changed from Thursday evening to Saturday evening.

An explanation of the Union Apportionments and Budgets, page 120, 1963 Newton Town Report, was asked for. Mr. Wendell Davis, Superintendent of Schools, explained that all five towns share certain expenses. Other expenses are shared by only Plaistow, Hampstead, Atkinson, and Newton and Salem takes care of their own expenses. As an example, Salem

has her own School Nurse and, therefore, does not share in the expense of the School Nurse that the other four towns have.

Mrs. Janice Lynn referred to Article 9, 1963 Newton Town Report, School District Meeting, and wanted to know what had been done by the Study Committee on Secondary Education. She was informed by the School Board that the committee was abolished at the special meeting in September, 1963.

The meeting was adjourned at 8:23 p.m.

*MINUTES OF SPECIAL SCHOOL
DISTRICT MEETING*

December 23, 1964

Due to the fact that Moderator Clifford Bryer had resigned because of ill health, the meeting was called to order by School District Clerk Verna M. Cronan at 8:05 p.m.

Nominations from the floor for a new moderator were asked for. Mr. Winslow Kreuger's name was submitted. There were no other nominations and Mr. Kreuger was voted in as moderator. He was sworn in by Mr. Gordon Cheney and the meeting was turned over to him by the school district clerk.

This special school district meeting was called as a result of a petition to the School Board signed by at least ten registered voters as required under RS 197.2 and the following article was under discussion:

1. To direct the Newton School Board to meet with the Timberlane School Board on Monday the twenty-eighth day of December, nineteen hundred sixty-four, to ask permission to annex Newton School District to Timberlane Regional School District. If annexation is acceptable to the Timberlane School Board, a proposed agreement in writing is to be presented to the State Board of Education on the twenty-ninth day of December, nineteen hundred sixty-four.

A motion was made to accept the article as written in the warrant and to open it to discussion. Motion was seconded.

A motion was made and seconded to hear from the sponsors of the article. Mrs. Janice Lynn presented the reasons for joining the Timberlane Regional School District. After a lengthy discussion, a motion was made and seconded to adjourn the meeting and start voting on the article in the warrant.

The meeting was adjourned at 10:05 p.m. and an Australian ballot was taken. The ballots were counted by Mrs. Janice Lynn and Mr. Roy Bailey. There were 113 no votes and 49 yes votes.

BUDGET WORK SHEET

This is a presentation of the Budget Work Sheet upon which your school board has been operating during 1964-65 and their estimated expenses for the year 1965-66. It must be taken into consideration that monies appropriated in the month of March, to be used the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

The Newton School Board

*REPORT OF THE NEWTON COOPERATIVE
STUDY COMMITTEE—JANUARY 1965*

The following is a report of the Newton Cooperative Study Committee which is a member of the Sanborn Regional School District Planning Board.

The committee was appointed by the Moderator as a result of the Special School District Meeting held September 19, 1963. We joined seven other towns and began a study of an eight town cooperative. Realizing that eight towns was too large the group voted to split into two separate cooperative planning boards on February 27, 1964. The towns of Brentwood, Fremont, Kingston and Newton continued to study and proposed a plan that was acceptable to all the members of the Sanborn Regional School District Planning Board. Public hearings were held in each of the towns represented on the Sanborn Board. All twelve members of the Sanborn Board then signed the Articles of Agreement. On January 4, 1965 the Articles of Agreement among the towns of Brentwood, Fremont, Kingston and Newton were presented to the State Board of Education. The State Board approved the Articles by unanimous vote. It is the intent of the Planning Board to hold at least one more public hearing in each town before the Articles are voted on.

We as a committee have worked in what we feel is the best for Newton and will continue to do the best job possible.

Christopher D. Sherrill, Chm.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newton:

I am presenting herewith my Ninth Annual Report as Superintendent of Schools in Newton. A report from the Principal will discuss in more detail the activities of the schools. Statistical reports are listed separately.

Personnel

Seven teachers joined the Newton School system this current year. They were: Mrs. Joyce Sullivan, grades 7 and 8, a graduate of Merrimack College; Guy Mawhinney, grade 6, a graduate of Northeastern University; Marylou Letizio, grade 5, a graduate of Mount Saint Mary College, with teaching experience in Manchester, N. H.; Patricia Kaupin, grade 4, a graduate of Plymouth Teachers College; Mrs. Lorraine Tateosian, grade 3, a graduate of Notre Dame College, with experience in Hartford, Conn.; Roberta Gonthier, grade 3, a graduate of Riviere College; Elizabeth Lantagne, grade 2, a graduate of Lowell State College.

All teachers have continued membership in all local, state and national professional organizations.

One of the most serious problems in the educational picture in Newton is the number of teachers that leave the system each year. Experienced teachers are much more valuable and common sense should tell us that standards cannot be maintained or raised unless you can keep and attract qualified and experienced teachers.

Naturally, it will cost money. You have the choice of deciding what quality of education you want for your children. You cannot have quality education and not pay adequate salaries. Adopt a salary schedule. Let the teachers know what they might expect. Show

an interest in their welfare and well-being. Your children will benefit.

Curriculum

Most important in improving education is a good teacher in an uncrowded classroom. We need a curriculum that will meet the needs of all children. We must provide modern and up-to-date textbooks to help us in this area. We need various audio-visual aids to supplement the program. We need extra services for the special student. We need supervisory and special help for teachers. We want to teach in an atmosphere of cleanliness that is safe for our children.

I am very happy to say that we have made tremendous strides in most all areas. I am pleased with the support that has been given me. I am proud of what has been accomplished. I sincerely hope that the school boards and the people, as they look back, may be equally proud of the improvements that have been made.

Where you go from here depends upon the leadership you give and the leadership you accept. You are entering a new Union. You will be associated with new personnel.

Philosophies of education may be different. The needs of the children, however, will not change. I believe that your aim should be to provide a better education for your children to meet the increasing needs of the future.

Housing

You have one surplus classroom this year. You will use that room to provide for an additional fourth grade next year because you have two third grades with an enrollment of 43 pupils. Actually, you may need still an additional classroom because the enrollment in grade four this year is 37.

Future housing will be governed by the cooperative school district, if it is formed. If the cooperative uses

Sanborn Seminary for grades 7 and 8, you will have twelve rooms available, counting the Village School to house two classrooms each for grades 1 - 6.

If you wish to eventually eliminate the Village School, you would then need to add two rooms to the Memorial School. At that time, you should think of adding also an all-purpose room with a kitchen, plus a nurse's and teachers' room.

You should be congratulated for the improvements that you have made to the grounds outside of the Memorial School. You have a good play area, parking space and an access road which provides better health and safety for the children as well as overall beauty.

Cooperative Study

It is my firm belief that the needs of the Newton children will be better met by Newton joining in the proposed cooperative. I believe any school district should have equity and control — equity in their school buildings and control of the educational program of their children. It is an accepted fact that the larger the school unit the more economically it will be to operate and the better and more extensive the curriculum will be.

If a cooperative is formed, I feel very strongly that you should adopt a 1 - 12 grade cooperative.

Please accept my very best wishes for the success of the cooperative if it is formed.

Appreciation

I wish to express my appreciation to the School Board, Principal, teachers and pupils for their help during the year.

My thanks, also, to the Parent-Teachers Association and all civic organizations and friends of the children for their support and interest in the activities of the pupils.

Respectfully submitted,

Wendell V. Davis

Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools and the Citizens of Newton:

As of this writing, the enrollment of Memorial School is 247 and the enrollment of the Village School is 50, for a total of 297 students. The enrollment at the writing of the annual report last year was 264. This is a growth of thirty-three students.

On March 2, 1964, the addition to the Memorial School was occupied by the students. These seven new rooms made it possible to do away with the two-platoon system, enabling the children to go to school under normal conditions. This improved conditions a great deal by closing the Rowe's Corner School and the Village School. All the students were housed under one roof.

It was found necessary in September of 1964 to re-open the Village School in order to meet the needs of an increased enrollment.

The curriculum in both the Memorial and Village Schools is being upgraded every year. With the use of the Elementary Evaluation Report, which was done over a two-year period, it is now possible to make long range plans in the curriculum.

We were fortunate this year to have a member of our staff capable of teaching French in the elementary school. A French program was initiated in grade five with the hope of expanding the program in grades four through six next year.

Added to the staff this year is Mr. Vincent Raciti, Speech Therapist, who works with the children one day a week.

The Educational TV Programs through Channel 11 continue to be a part of our curriculum. Programs viewed are scheduled on a weekly basis and are accompanied by study guides.

Mrs. Rose Drohan and Mr. Joseph J. DeLuca, Jr., our two music teachers, presented a fine Christmas program with the children from grades one through eight participating. Mrs. Drohan is with us for three hours a day each week and teaches music to grades one through three. Mr. DeLuca is with us one full day each week and instructs the children in grades three through eight. Both teachers are developing music skills and music appreciation.

The PHAN Special Class is located in the Pollard School this year. Newton has five children attending, where they have an opportunity to grow in emotional areas besides developing academic and motor skills. This class is designed to help the child become a happy, effective member of our society.

Our standardized testing program is approximately the same as in the past. Reading Readiness Tests are given to students early in grade one in order to give the school as accurate an indication as possible of each child's ability to progress in reading. The Primary Mental Abilities Test is also given in grade one and yields a general measure of intelligence. The Otis Mental Ability Tests are administered to students in grades two, four and six. The purpose of this test is to measure mental ability. The Stanford Achievement Tests are given in grades two through eight to measure the progress in academic areas. The Orleans Algebra Prognosis Tests are given to students in grade eight to help in estimating each child's probability of future success in this subject area. Basic Reading Tests are given in grades one through six to help determine the student's reading progress. Individualized testing is done whenever the need arises. Our testing program is conducted in such a way as to help teachers and supervisors with the growth and development of elementary school children, to help with improvement of

instruction, to aid pupil guidance, and as an evaluation of student progress.

Pamela Currier, Memorial School spelling champion, represented Newton in the 1964 State Spelling Bee sponsored by the Manchester Union Leader. Miss Currier journeyed to Exeter, New Hampshire, to compete for the Rockingham Spelling championship with more than thirty other contestants from Rockingham County Schools.

The graduation exercises for the class of 1964 were in the Town Hall on June 19. The class motto, "Rowing, Not Drifting", was in evidence throughout the program with essays recited by three class members and songs sung by the school chorus. A representative of the Sons of the American Revolution was on hand to present the Good Citizenship Medal to the outstanding citizen of the year, Francis Joseph DiChiara. The twenty-nine graduating students enjoyed a class outing at Canobie Lake Park and were then guests of honor at a dinner.

I wish to take this opportunity to thank the Parent-Teachers' Association for its contribution towards a tape recorder and the help and interest in the children of Newton demonstrated by so many members of the group.

I would also like to express my sincere thanks to Mr. Wendell V. Davis, Superintendent; Mr. Seth O'Shea, Assistant Superintendent; the Administrative Staff; School Board; the Teaching Staff; Mrs. Verna Cronan, School Secretary; Mrs. Wanda Scholl, School Nurse; Mr. Floyd Winter and Mr. Everett Kelly, School Custodians; Mr. Paul Morse and the bus drivers for their most helpful cooperation.

Respectfully submitted,

Peter Kageleiry

Principal

REPORT OF SPECIAL EDUCATION CLASS

To the Superintendent of Schools and the School Boards of Plaistow, Hampstead, Atkinson and Newton:

I hereby submit my fifth annual report as teacher of the PHAN Special Class.

This year the PHAN Special Class is located in the Pollard School. September found us in a large, cheerful room with vast window area and private toilet facilities and sink which proved very helpful. Because it was necessary to divide some large classes in Plaistow and add new teachers, our class was relocated to another classroom of approximately equal facilities.

Our class in September composed of 14 pupils, ages 8 to 16, had six girls and eight boys. There is a wide gap between the teenage and elementary groups, both physically and socially. There is a definite need for two separate classes. Two special education classes are being proposed for the school year 65-66. Anticipated enrollment will be approximately 18-20 students; therefore, two classes will be necessary to meet state requirements.

Miss Martha Smith of Salem, N. H., a senior at Keene State College, is completing nine weeks of practice teaching with the PHAN Special Class on January 22. She has conducted the reading and arithmetic groups at the lower levels besides assisting the teacher in numerous ways. This has made it possible for all reading and arithmetic groups to meet with a teacher every day.

Our television set has proved very helpful especially in our social studies and science fields. We regularly have TV classes in "The Story of the Granite State", "Exploring Nature", and "Land and Sea", as

well as "Art at Your Fingertips". The older group also enjoys the "Careers" program and "Current Events". We are all taking five Field Trips in New England via television.

Health and cleanliness are stressed in the classroom. Mrs. Banks, our school nurse-teacher, has presented several films and filmstrips in Health Education.

Arts and crafts projects this year began with woven reed baskets made by each pupil. Following this 10,000 popsicle sticks were used in the production of oxcart planters, banks, jewelry boxes, bread baskets, and fruit baskets. Plaster of paris was used for molding creche figures. Each pupil made a set of six creche figures which were then hand painted. A few were made as class gifts. Four older boys painted five of the large plywood figures used in the outdoor creche at the Pollard School. Styrofoam ornaments were molded and decorated for Christmas trees. Woven pot holders were also made.

We are always appreciative of the cooperation of different individuals and organizations who help us fulfill our needs. This year, I wish to mention in particular the Plaistow-Atkinson Lion Club which provided \$75 worth of craft materials chosen by the teacher and the Hampstead Parent Teacher Association for its generous gift of \$100 which made possible the purchase of a good record player and additional craft supplies.

I wish to convey my appreciation to Mr. Thomas Caron for his cooperation and continued thanks for the guidance and support of the Union staff.

Respectfully submitted,

Ruth W. Webster

REPORT OF THE SCHOOL HEALTH PROGRAM

To the Superintendent of Schools and the School Board of Newton:

I hereby submit my first annual report as school nurse-teacher:

Cursory examinations are done at the beginning of the school year and after each vacation period for the protection of the students. This exam includes inspection of the throat, teeth, glands, head, arms and hands.

The yearly medical examination for all students in grades 1 - 4 - 8 and those new to the school is done in October by Dr. Francis Harris, M. D., assisted by your school nurse-teacher. Parents and guardians are notified of all defects noted and a successful "follow-up" program is carried out. This year one hundred forty-two pupils received physical examinations.

A Tuberculin Skin Testing Program is held every other year under the direction of Miss Constance Martin, R.N., Tuberculosis Nurse, assisted by the school nurse. This year grades one, five, six, seven and eight and all school personnel were tested.

Heights and weights are checked annually on all students and carefully recorded. Also, the vision and hearing abilities of these students are tested each year and any variation is immediately brought to the attention of the parents. In addition to this, grade five is tested for color perception.

Pre-school registration is held in May, whereby it becomes the task of the school nurse-teacher to acquaint herself with all incoming pupils and their par-

ents or guardians. Any disabilities they may have in regard to their physical or mental being should be noted at this time so that a successful and happy school relationship will exist.

In addition to caring for daily cases of children who become ill or injured in some manner, your school nurse-teacher acts as a valuable resource person for teachers and pupils when teaching in the field of health. She conducts programs on personal hygiene, smoking, etc., whenever called upon. She frequently serves as a link between home and school when health and mental problems, which may have an influence on children's work at school, are involved.

Finally, may I express my sincere appreciation to the School Board, Superintendent of Schools, Principal, Teachers, Parents and Friends for their fine cooperation and understanding in all my endeavors. With continued support, this health program will grow and its reflection will be noted in the youth of your town.

Respectfully submitted,

Wanda Scholl, R.N.

School Nurse-Teacher
